PAROLE ASSISTANCE IN THE STATE OF TEXAS

Please indicate your opinion regarding the services provided to you by this law office. Thank you for allowing me the opportunity to assist you.

1) Very well thought out plan and an exceptional parole packet
2) While reading the packet, I was trying to be objective and set my personal feelings aside. In doing so, I found myself very impressed with your expertise in laying out the facts of his crime, presenting his background of family, education, current accomplishments and goals.
3) Presentation of the packet to the Board Members is very professional yet exposes Matt in a different light because previous parole experiences were by far secondary to what you have presented here.
4) The Application to release is very informative and highlights Matt's accomplishments, goals as well as his remorse and dedication to becoming a law abiding citizen.
5) I feel you portrayed Matt as a very realistic and personable young man which is who he has become.
6) If an occassion arises I will highly recommend your services and I wish I would have hired you several years ago.
7) This packet was well worth the fee, if not more.
